Teammate Value:

I stay calm under pressure

In a group last year, we realized our prototype didn't run a day before the assignment was due. I volunteered to look through the code, and located the problem.

Teammate Value:

I love solving complex problems

My startup team hit a wall with user retention. I mapped out every interaction, ran A/B tests, and ended up boasting engagement by 30%.

Teammate Value:

I bring creative ideas to the table

For a case study on consumer behavior in marketing, I suggested using gamification to test how customers responded to pricing strategies.
